Dear Laura,

Thank you for your response. I will perform a preliminary search and will follow up if a cost estimate is necessary.

I should have been more specific regarding the timeframe question. I meant to ask if you had a specific timeframe in mind for when the complaints were filed (for example: all complains filed between Jan. 1, 2018-Oct. 25, 2019, within the last five years, etc.)?

My apologies for the confusion. Please let me know if you have a timeframe in mind, as this could affect a possible cost estimate.

Sincerely,
Madison Braz

Madison -

I believe the businesses that I'm aware of are:

The Edge
All Breed
A Canine Gem
(There was a pet store, but not sure what the name was)

And yes, please search all complaints, but only including the time she was associated (if possible).

Timeframe is simply as soon as you can get to it. I'm not sure what a normal time frame is for retrieving documents.

Thank you in advance for your time and help!

Laura
